IMPORTANT GOVERNMENT ORDERS

REVENUE SECRETARIAT

Sanctions the extension of time for sinking irrigation wells till the end of the current official year.

READ—

Government Order No. R. 6349-62—R. M. 37-46-152, dated 12th March 1946, sanctioning the scheme for the grant of subsidies for sinking irrigation wells in connection with Distress Relief and an allotment of Rs. 2 lakhs for this purpose.

2. Government Order No. R. 9111-6—R. M. 88-45-3, dated 28th May 1946, sanctioning an additional grant of Rs. 5 lakhs in connection with the above scheme.

3. Government Order No. R. 148-61—R. M. 96-45-2, dated 4th July 1946, directing that the benefit of the scheme may be extended to wells completed before the end of September 1946.

4. Correspondence ending with letter No. A4-3176—45-46, dated 28th October 1946, from the Revenue Commissioner in Mysore, recommending in the circumstances stated, the extension of the time limit for completion of well works under the scheme up to March 1947.

ORDER NO. R. 5228-41—R. M. 96-45-5, DATED BANGALORE, THE 26TH NOVEMBER 1946.

Representations were made at the recent Dasara Session of the Representative Assembly held in October 1946 for the extension of time for the completion of wells and for payment of subsidies in these cases, as also for consideration of applications received but not disposed of before the end of September 1946. Government consider that the scheme of subsidising irrigation wells is a popular and useful one and that with a view to improve the irrigational facilities in the State, it is necessary to liberalise the scheme as far as possible. They are therefore pleased to direct that the period for payment of subsidy on completion of wells be extended till the end of the *current official* year and that applications received till the end of January 1947 may be treated as eligible for consideration under the scheme.

The Revenue Commissioner is requested to issue necessary instructions to the Deputy Commissioners to see that applications are disposed of on merits without delay so that the grantees may take action without loss of time and complete the wells within the period now extended.
